Where it all began...

Centre Tank Services is established by Mike Terry and business partner, initially selling products such as brass fittings and pipeware.

1998

We join Flowmax Group

The holding group in the fluid handling industry, had been watching CTS closely and jumps at becoming involved. We were the third company to join Flowmax - which now stands at 10 companies.

2010

We're expanding...

Centre Tank Services purchase the unit next door, increasing our office space and doubling our warehouse space to 14,000 sq ft. allowing over 2000 product lines to be stocked.

2012

Flowmax joins SA Bias

SA Bias; a South African international industrial group which established in 1933, acquires a 60% stake in Flowmax - strengthening CTS' position further.

2014

CTS Single Channel Alarm

To expand our range and ensure all fuel tank alarm requirements were covered, we introduced the CTS Single Channel Alarm to our in-house designed range.

2017

We've turned 30...

Celebrating 30 years in the industry, we reinforced our position as a long standing and trusted supplier of fuel dispensing, storage tank, lube & AdBlue equipment.

2020

New GoldenRod Agent

This year we added another market leading name to our distributorship belt. We announced ourselves as the new UK & reland distributor for GoldenRod Filters.

1989

Piusi's UK distributor

After seeing Piusi at Mostro Convegno in Milan, Italy; CTS acquires exclusive Piusi distributorship for supplying Piusi products in the UK!

1999

CTS Tank Alarms

Using our teams in-house knowledge and expertise, the very first CTS Fuel Tank Alarm is developed and launched into the market.

2011

CTS Alarms Update

Our new and improved in-house designed range of CTS Fuel Tank Alarms is launched to ensure we keep up to date with industry needs and requirements.

2013

Introducing our new MD

After 15 years of working at CTS, Commercial Director Matthew Terry takes over from his father Mike Terry to become the new Managing Director, starting the new chapter for the company.

2015

Husky's UK distributor

Husky contacts CTS based on our position in the UK fuel market. As a result, we become the UK's exclusive distributor of Husky - for the supply of Husky nozzles & breakaways in the UK!

2017

Fill Point Cabinet & Fuel Recirc Unit Launched

After spending 3 years in development, it was now time to launch the latest products into the CTS in-house designed range.
