

VISCOMAT GEROTOR ELECTRIC GEAR PUMP

GEROTOR TECHNOLOGY

Thanks to the radial backlash gear system, the pump has a low noise output and a constant flow.

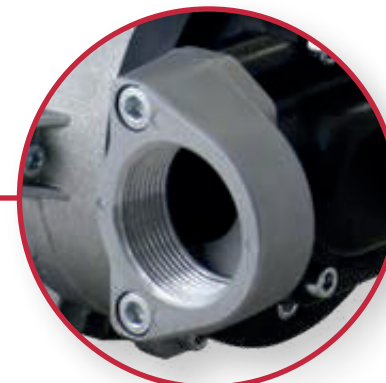

FKM SEAL

Made in fluoropolymer (FKM) ensures a long service life and is chemically compatible with different types of oil.

PRESSURE REGULATOR

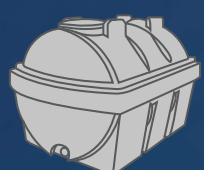

Allows you to change the outgoing pressure to a value between 4 and 9 bar, making it suitable for use in various types of system.

FLANGED PORTS

The inlet/outlet with 1 1/2" flange offers easy installation and servicing.

SUITABLE APPLICATIONS

**TANK
REFILLING
& DRAINING**

**FILTRATION
SYSTEMS**

**OIL TANKER
LOADING &
UNLOADING**

**INDUSTRIAL USE
E.G. SERVICING
& MAINTENANCE**
